## PRESIDENT'S MESSAGE

Street Children International begins its 22nd year with renewed determination to bring educational and nutritional help to more destitute children. For more than two decades, Street Children International, New York, has been successfully providing support to feed and educate the needy and orphan children in India and abroad. Thanks for the continued support from the individuals like you.

Here in the United States, it is almost inconceivable to imagine conditions in which street children in India live. Just think about the children begging on the streets to make a meager living to buy food in order to subsist on a day-to-day basis. Education is not a priority for these children, survival is all that matters.

These children need miracle – the miracle of literacy!

Our organization, Street Children International, reaches out to destitute children to help that miracle a reality. By providing financial support through reputable organization like Ramakrishna Mission, Rotary Club and dedicated organizations, we have supported 222 children in their quest for an education, and 540 children for nutritional program. Children cannot learn when they are malnourished.

Our organization also extended computer support for Braille program for the blinds and school supplies for the Katrina victims. I am also happy to report to you that we continue to receive new request for educational and nutritional help.

You have a unique opportunity to help by making a donation to Street Children International. By reaching out through this organization, you will give a hand up and not a hand out to a destitute child who once thought there is no hope for him or her to get off the streets and into a school.

We are asking for your support – either again or for the first time – in order to help these children who live less fortunate lives. Your donations to Street Children International are fully tax deductible. To make a donation please either visit us on the web at [www.streetchildreninternational.net](http://www.streetchildreninternational.net) or mail us a check directly

With best wishes,

Anit Maitra  
President
